## RETIREMENT HOMES – OBC CHANGES

HOSTED BY THE CANADIAN FIRE SAFETY ASSOCIATION

### SEMINAR OBJECTIVE:

The objective of this seminar will be to review the changes to the Ontario Building Code relating to retirement homes.

### SEMINAR OUTLINE:

On May 17, 2017, the Ontario government filed O.Reg. 139-17 to amend the 2012 Ontario Building Code. The amendments include new design requirements relative to retirement homes, requirements for newly defined “houses”, and requirements to support climate change initiatives.

This presentation is specific to the recent retirement home changes which have come into effect as of July 1, 2017. The presentation reviews the reasoning behind the recent fire and life safety changes to the Ontario Building Code related to retirement homes as well as the impacts and implementation of these new requirements, and provides an overview of critical changes to retirement home design requirements.

### ADDITIONAL INFORMATION:

**Date:** Tuesday, November 14, 2017

**Location:** Underwriters Laboratories of Canada – 7 Underwriters Road, Toronto, ON M1E 3A9  
Please note change of venue
