Come meet and work with the experts from UL & LiftMaster
to learn how ANSI/CAN/UL 325 impacts you!

[Email Now to RSVP >](#)

EARN
1 OAA HOUR

This Exciting Event Earns You
One (1) OAA Learning Hour!

Join us for a lunch & learn to see how ANSI/CAN/UL 325 impacts you!

ANSI/CAN/UL 325 is now the official National Standard of Canada approved by the Standards Council of Canada (SCC) in addition to the American National Standard approved by the American National Standards Institute (ANSI). It outlines the minimum product safety, manufacturing and installation requirements for commercial and residential door and gate operators and similar products. This is the standard that should be considered in any project you are designing or approving.
