Canadian Charitable Registration: **119142628 RR 0001**

**CANADIAN FIRE SAFETY ASSOCIATION**  
**ASSOCIATION CANADIENNE DE SÉCURITÉ INCENDIE**

The Canadian Fire Safety Scholarship Fund is to engage in, assist and contribute to promote the development, diffusion, and application of knowledge to the advancement of all forms of fire safety in Canada; to promote, foster and stimulate the study of fire safety and research therein; and, to furnish encouragement, aid, guidance, support and financial assistance to qualified persons who desire to make their careers in the field of fire safety. Each year the CFSA gives away multiple scholarships for various programs representing the diversity of fire protection (i.e., Codes and Standards Technology, Fire Alarm System Technology, Fire Suppression Technology, etc.) for students enrolled in a full-time Fire Protection Technology program.

Donate and help shape the minds of our future generation!
